## Canada's TME Track Material Experts

T-Rail is a network of experienced Railway Professionals with the skills, drive and integrity to find the right material and service solutions to ensure smooth operation and growth of your rail system.

T-Rail Agents are your Rail Solution Providers.

### T-Rail Products Inc., (T-RAIL)

With over 30 years of experience, T-Rail provides complete track material solutions to Canadian and International Railway Organizations.

### T-Rail Agents are your Rail Solution Providers

It takes innovation and sheer determination to meet the growing demands upon the Railway Industry. Whether your track challenges involve planning /engineering /specifications /estimating /logistics /supply and installation through to quality assurance a solution exists. T-Rail has the experience, network, team and vision to find a way, even on a short deadline.

### Track Material Supply

We deliver results. T-RAIL supplies both new and renewable products from rail distribution and welding, to other track materials from our in-house reclamation projects. We supply a full line of track products, as well as cost-effective innovations for your rail line.

T-Rail sets itself apart by its value-added service, client care and commitment to successful completion of your rail works.

### Asset Management & Sustainability

Optimizing track material lifecycle.

Our growing Industry requires products of varying specifications to meet the speed, tonnage and geography our rail systems demand.

Both new and used products are required. Today the Railway environment has many constraints taxing a Railway operators' ability to maximize asset life. If track time, labour, equipment or resources are limited...we work with you to find a way to maximize use and return on your assets.

## Experienced Railway Professionals

Driven by passion to support innovation. Our people have the expertise, dedication and outstanding service skills to perform on every project. Solutions are customized to each unique application and are cost-efficient. The mission is to provide the highest level of quality, service and expertise to exceed expectations. At T-Rail, that's what we like to do.
